

Destructive Dog Policy

At Nor Cal Pet Services Inc, we strive to provide quality of care for your pet and safety is our number one priority. We understand that sometimes your pet being away from you can be stressful for them. This often can cause your pet anxiety resulting in a display of behaviors that are abnormal for them while at home. Some dogs may destroy property IE: putting holes in drywall, chewing on kennel gates, shredding blankets, toys, and dog beds etc. Some dogs may jump kennel gates or smaller dogs may slip through gate slats. When incidents of this nature occur it is the goal of Nor Cal Pet Services to keep your pet safe from injury. Management will decide if it is in your pets best interest to be kenneled in a safer crate kennel. If the decision is made to crate your pet you will be notified by phone and an Pet Behavior Observation Form will be sent home with you. If there are recurring issues of property destruction and unsafe behaviors it will be at the discretion of Nor Cal Pet Services management to determine whether or not we are able to meet the needs of your pet and continue to provide services.

I have read and understand the above stated policy.
